   b) Powwow Committee Selection (5) Seats for 3-year terms (5 applicants)

6. Sarah Smith, CEO – Weekly Update

O. Adjournment:
Tribal Council Updates:
Through 5/8/19

- We had a flooding issue that occurred in room 121 on the 5th. The waterline feed to the tank sprung a leak and by the time it was discovered around 11:25 a.m., approximately 2-3 inches of water had filled the room. Maintenance began vacuuming up the water right away and fans placed to begin the drying process. Since the flood and drying out process, it has been determined that the carpet has to be replaced because of the smell that remains. Mike Needham is obtaining costs to replace the carpet. The furniture and bathroom tiling appear to be okay to this point.

- I participated in a meeting this week to further explore the ability to have one players club card for both of our casinos. Many years ago, this was a feature that was offered to our customers but Aristocrat’s Oasis System had issues so it was stopped and customers now have to carry a card for each of our casinos. Aristocrat has fixed their system issues and the one card feature could be purchased and integrated into our player’s club. As part of the research process, we will be reaching out to casinos who use the Oasis One Card system to see how it is working for them. The quote that was provided last year to integrate the system here was several hundred thousand. We will be doing a cost benefit analysis along with the research to determine if it makes financial sense to invest in it.

- The initial meeting to review the wage analysis data took place last week. The results in where we stand in comparison to the comparable positions and the Baraga/Marquette markets was mixed. We are continuing to compare the data sets, gathering additional information and putting together recommendations for a grade and pay system which will be presented in the near future.

- Hannah Beesley’s last day was yesterday. I will be leading the department in the interim with assistance from her staff. Duties have been delegated and I’m hoping to fill the position as quickly as possible. There have been applicants and a meeting of the Selection Committee will take place next week.

- The posting for the Food and Beverage Director has also produced some applicants, that pool will also be reviewed by Selection Committee next week.
TO: Tribal Council
FROM: Sarah L. Smith, CEO
RE: Weekly Report
DATE: May 9, 2019

1. MISSION STATEMENT: To provide exceptional services for our membership; a safe, positive work environment for employees and sustained economic prosperity, while protecting our sovereignty and preserving our culture and natural resources for future generations.

VISION STATEMENT: A Tribe that preserves the Anishinaabe culture, advances economic diversity, provides opportunities to enhance independence, and promotes the health and well-being of our Community.

2. Updates: Held a department head meeting on May 2, 2019. Topic included review of the strategic plan, discussion of core training and creating levels for employee individual development, presentation of vehicle purchasing, budget modifications, and 4 R's. As part of Reduce, Reuse, Recycle, and Respect, there was some discussion about how departments could work on this. Strategic plan weaknesses and threats were discussed, along with action plans to minimize or reduce. Two departments have sent this in already. Hopefully, all will have some input sent in by the next meeting. I discussed some of the topics that could be provided by KBOCC and the language classes being held by our language instructor. This is in initial stages. Mandatory training will be held for supervisors/managers for “Resolving Conflict: A Manager's Guide / 2 Hours” and an employee training, “The art of managing conflict / 1 Hour”. Details are being worked out by Personnel. Continued with Natural Resources and Forestry to work on Tiered position descriptions and supervisory positions. NRD Director will be bringing forth organizational chart next week.

3. Meetings/Conferences: Participated with Natural Resource, Police, and Baraga County, and GIS representative for development of a Tribal Hazard Mitigation plan. The plan is necessary for adoption by FEMA. WUPPDR will be sending out surveys to the community and developing the plan. This is necessary for future grants. I attended a community policing group meeting. There will be signage and brochures put up in various areas for prevention of picking up dirty needles in parks, campgrounds, etc. The group went through an exercise of soliciting for a professional logo for the new Halfway House, Oshki Maaji “New Beginning”. I also attended a Halfway House meeting. The building should be complete by the next progress meeting. Position descriptions are being finalized. Substance Abuse Programs Director identified a source of funding for the Halfway House program through Northcare. Part of accreditation for the Substance Abuse Programs is the requirement to have a MSW on staff. Thus, there will be a change to the qualifications of the proposed full-time employee for Oshki Maaji. Some furniture has been purchased for the building. Bids are being looked at currently for appliances.

4. Employee Changes: There are no direct reporting changes. The government currently has 312 employees, with 226 Native American, as of 4/28/19. This list is provided as requested.

5. Statistical Data/Case Load Information: I responded to two employee issues and processed six budget modifications.
6. **Financial Update**: Received a $100,000 award from the Michigan Health Endowment fund for Natural Resources' project, "Debweyendan Indigenous Gardens". The award agreement was received for the HUD Indian Housing Block Grant for $1,936,621. Received Department of Health and Human Services Administration for Children and Families Title IV-B Subpart I in the amount of $3,650.
