Northern Michigan University’s (NMU) Annual “Learning To Walk Together” Powwow is always well-attended by Native American communities throughout the Upper Peninsula of Michigan, including the Keweenaw Bay Indian Community who provides essential support for this mid-March event. Rodney Loonsfoot, KBIC, led the KBIC Veteran’s Honor Guard along with Head Dancers; Royalty; and a vast number of Traditional, Fancy, and Jingle Dress Dancers, into the arena for Grand Entry on Saturday, March 14th. The 22nd Annual Powwow was held at the Vandament Arena on NMU’s campus in Marquette, Michigan. Summer Cohen and Shane Mitchell served as Head Dancers for this event. Miss Keweenaw Bay, Kayla Dakota, was seen representing KBIC throughout the arena, enjoying many of Inter-tribal’s, the Jingle Dress exhibition, and many honor dances. Wazijaci served as Host Drum with invited drums: Woodland Singers, Four Thunders, Little Horse, and Sturgeon Bay. Emcee, Bucko Teeple, and Co-Emcee, Mitch Bolo, kept everyone informed of the events and things moving quite smoothly. This year’s Arena

The Regular Saturday Tribal Council Meeting was held on March 14, 2015, at the Regular Saturday Tribal Council meeting in Baraga, Michigan. President Warren “Chris” Swartz, Jr. presided over the meeting with Jennifer Misegan, Toni Minton, Susan J. LaFernier, Doreen Blaker, Robert R.D. Curtis, Jr., Eddy Edwards, Randall Haataja, Larry Denomie Sr., Gary F. Loonsfoot, Sr., Don Messer, Jr., and Donald Shalifoe, Sr.

President Warren “Chris” Swartz, Jr. shared numerous Thank You and For Your Information items addressed to Council.

Toni Minton gave the Secretary’s Report (page five), Doreen Blaker gave the Treasurer’s Report (page three), and Larry Denomie III gave the CEO’s Report (page four).

Said J. LaFernier discussed an amendment to the Purchasing and Procurement Policy. It has been reviewed by the Chief Financial Officer, Accounting Staff, and the Assistant CEO, and it is in accordance with the OMB Super Circular. It guides the purchasing tiers, and it is the guidance they are giving. Motion by Toni Minton to approve the KBIC Purchase and Procurement Policy amendments with the changes made here today, supported by Doreen Blaker. Ten supported, 0 opposed, 0 abstained, motion carried. Councilman Edwards stated his opposition is that it is too bureaucratic and not empowering.

Gary F. Loonsfoot, Sr. discussed the previous motion related to the OHA Board. The President announced the Ordinance is not actually on the agenda; it is the Legislative Process related to it. Councilman Loonsfoot stated, “When you have a law, there is a higher hierarchy of law, and it is our Constitution, Ordinances, Resolutions, and Motions. I did not agree with the fact that a Motion just eliminated a law. I thought there should be another process related to it, and that there is a Legislative Process and a public hearing for it. In the Legislative Process, there is nothing on how to get rid of laws; it’s how you make them. Something has to be done as it’s not right, just like that, this law got wiped out. What other laws will be wiped out? What other circumstances may come up when we have a good law in place, but if the majority of the Council doesn’t like it, since it may affect their family or something, they can wipe that law out with a simple motion? After discussing this with the Tribal President, Vice Chair, and the Tribal Attorney, we ended up agreeing that maybe we should change the Legislative Process and amend it.” President Swartz said they wanted to address the Legislative Process because it says nothing about repealing an Ordinance in the Legislative Process, and Gary wanted to have the opportunity for some kind of a mechanism or procedure related to the repeal of an Ordinance. Much discussion occurred on legislative law with no further action occurring.

Larry Denomie III, CEO, discussed the Ojibwa Casino Employee Manual and KBIC Personnel Policy Manual Revised Hiring Policies that were worked on at the last Council meetings. A few minor changes were noted, replacing Indian Preference to read Native Preference, and removing step-relatives and in-laws from the Nepotism section. Motion by Toni Minton to approve the amendments to the Ojibwa Casino Employee Manual and KBIC Personnel Manual for Hiring Policies with the changes made today, supported by Randall Haataja. Nine supported (Misegan, Minton, S. LaFernier, R.D. Curtis, Jr., Eddy Edwards, M. LaFernier, M. Loonsfoot, Shalifoe), 0 opposed, 0 abstained, two absent (Edwards, Messer), motion carried.

Doreen Blaker discussed a legislative update regarding Same Sex Marriage. The attorney’s office is currently working on this matter. Areas of the Tribal Code that will require amendments are: marriage, divorce, custody of children, pension, and marriage fraud. Tribal Attorney, Dan MacNeil, believes it will take time to go through legislative process by next month.

President Swartz discussed an update related to marijuana which was passed by the majority at a referendum related to it. One of the first steps to be done relating to this is to have a meeting with the Department of Justice/Attorney General Office as in the Cold Memorandum: it identifies steps on how to move forward with the regulation of marijuana. That meeting is scheduled late in April. President Swartz indicated he did notify the KBIC Board and requested some laws from them on this matter.

Treasurer Doreen Blaker presented the March 2015 donations requests. Consensus of the Council was to refer a $5,000.00 sponsorship for the Relay of Life County and the Saginaw Chippewa Indian’s request for a donation for the MI Indian Family Olympics to the Casino Enterprises. Motion by Jennifer Misegan to approve $1,214.00 for Abby Durant, a NMT student, request for a donation to attend a Surgical Technology Conference in San Antonio on May 12-16, 2015, and a $1,500.00 donation to Billy Jo and Sandy Taittren’s request for assistance with their granddaughter’s medical travel to the University of Michigan Hospital for a total of $2,714.00, supported by Robert R.D. Curtis, Jr. Nine supported (Misegan, Minton, S. LaFernier, Blaker, Curtis, Haataja, M. LaFernier, Loonsfoot, Shalifoe), 0 opposed, 0 abstained, motion carried.

Council closed with no further business on the agenda.

KBIC Tribal Member, Angela Danison, received some exciting news earlier this year. Angela has been selected as the “VFV Michigan’s Teacher of the Year.” Angela, a third grade teacher at Chassell Elementary School, was chosen for the award in the K-5 grade category, and never expected to win this award. “Oh my goodness, when I heard the news I just thought, ‘really?’” said Danison. “Educators work so hard, and there is a lot of time where you just don’t feel worthy because there are a lot of other dedicated people working around you.”

She traveled to Lansing in January and was presented with the award on the Senate floor. Rep. Dan Benishek said, “Mrs. Danison’s dedication to teaching her students is a credit to her hard work and her attention to her students. Mrs. Danison decided she wanted to help the next generation while she was a high school student herself. She turned this dream into a successful lifelong teaching career. I applaud her for her hard work and dedication.”

“This is a huge honor for me; it was a huge shock,” said Danison. “I think for the most part that is not why we are here and that is not why we do that.”

Her classroom of sixteen students agrees it was well deserved. One of the third grade students said, “Mrs. Danison is smart, kind, and she loves kids!” Another student said, “She puts our lessons that are hard into games, so it makes it more fun for us.”

“I try to create a caring classroom; that is a big focus for me. The fact that the kids support each other and help each other through things is what I like to see at the end of each day,” said Danison. “This is really gratifying to me because that is life, and we need to support each other and help to create those citizens.”

Danison’s class works closely with the VFW with service learning projects and it is these projects that get her students excited to come to school every day. “Just seeing their faces and their smiles and their understanding is what keeps me going,” said Danison. “That’s what keeps me coming to work every day.”

TREASURER'S REPORT FOR THE MONTH OF FEBRUARY 2015

Treasurer, Doreen Blaker, gave a verbal report for the month of February 2015. (This verbal report was transcribed and edited by the Newsletter Editor with Ms. Doreen Blaker’s final approval.)

- Baraga’s Casino revenues are coming in, and end of year profits remained approximately the same. Looking at the past four years; we’ve taken a decline. Marquette’s Casino revenues have declined much more than the Baraga revenue. At the end of the year, the Baraga was down and that has overall affected the profit. In January, our casinos have shown a modest increase in profit which is probably due to the snowmobiling season. The snowmobiling, which brings in the snowmobilers, has been good for all our businesses.
- I was unable to access financial statements for the government side. I have to have some computer issues cleared up.
- At the end of February, Don Messer, Jennifer Misegan, and I attended the NCI Mid-Winter Executive Conference in Washington D.C. where we were presented with proposals to the President’s budget for 2016. Looking at the Indian Country proposals, they are looking at mandatory contract support costs. One of which you may be familiar with is Generation Indigenous which will be a budget to take a comprehensive approach to improve the lives and opportunities of Native Youth. They are looking at a nine-percent increase in Indian Health Services. These are all budgets being reviewed at Senate Hearings/ Congressional Hearings currently. While there, we attended one regarding Indian Health. They are looking at establishing a One-Time Stop Tribal Support Center to help tribes in accessing services of the Federal Government. They are establishing an Indian Energy Service Center to develop energy development in Indian Country. We all know that in about fifty years there will be problems with accessing energy. One of the best things we can do for our future is to get on board with this and find alternative sources of energies for our future generations. There is a data initiative which is going to help improve data to collect and analyze to use as evidence to help with policy making and program implementation. They are going to build upon the Tahawane Family Initiative which will help address poverty, violence, and substance abuse faced by Tribal Indian Communities. Tribal Behavioral Health will receive a proposed $30 million dollar, being $15 million of it towards mental health and $15 million towards substance abuse. Part of that would also go to Generation Indigenous. They would increase the Department of Justice with $102 million dollars, and there is also tax provisions being asked for. NCI does a really good job; they make requests, and once the budget has been proposed by the President, they go through and summarize it for us, so we know what we are looking at. We depend on this. This is not a handout to us; this is a treaty with this government, and this is their trust responsibility to us. When looking at summaries of these proposals, tribal governments will be able to see a six-percent increase, Human Services a four-percent increase, Natural Resource Management a twenty-five-percent increase, Real Estate Services a thirteen-percent increase, Public Safety a nine-percent increase, and BIA Construction with emphasize on educational construction of schools is a forty-six percent increase. Tribal Members should get a hold of local congressmen and senators and ask them to consider these increases in Indian Country as we never have enough funds. With the increasing costs in health and education, we need our people to contact these officials and let them know we need this money to keep us functioning. We do have great programs offered here on the reservation, but we need more funding to keep them.

Respectfully submitted,
Doreen Blaker, Treasurer

During the first two months of 2015, the CEO’s office reports the following:

- Sarah Maki, Interim Assistant CEO, and I were issued provisional gaming licenses allowing us to provide oversight of both casino properties.

- The New Day Treatment Facility in L’Anse had a small fire which was essentially extinguished by a staff member prior to the fire department arriving. The cause was related to a substance smoldering on top of an employee’s desk which somehow ignited a blanket and then scorched about a 2x3 foot section of wall. The cost of the damages falls below our insurance deductible, so the filing of a claim wasn’t necessary.

- The Lighthouse sprung a couple of leaks in late January due to the cold weather and pipes freezing. The resulting damage was minimal, and an insurance claim wasn’t necessary.

- The General Manager position continues to be posted, and a pool of applicants are available for Council review at any time. Jim Nardi, HR Director, will assemble the information once a date has been set to review and consider applicants for interview.

- Issues related to the Tribe’s new health insurance plan with Consumers Mutual have developed. Representatives for the insurance company were on-site and addressed employee issues. Another issue, related to patients receiving refund checks, remains outstanding. Carole LaPointe, Health Director, has issued a notice requesting patients to drop their checks off to the health center related to prescription drug refunds. Other employees have received checks for other services as well. Representatives from VAST, CMI, and employees of KBIC are continuing to address the issue to figure out why this happened. Payments should have been provided directly to the providers and not the patients.

- Preparations for Council’s review of the FY15 budgets were completed by Interim Asst. CEO, Sarah Maki. Notices regarding the final approval of the FY15 budgets, which occurred this past Thursday, have been prepared and sent to directors and managers by Sarah as well. They have also been notified that an annual raise will be addressed in the very near future.

- Notices to departments and current employees regarding Council’s recent approval of wage increases for employees in positions classified in the wage system up to grade four are pending approval of an annual raise. An overall increase of 10% to the minimum starting wages in those grades has been approved, and new employees hired as of the March 2 effective date are provided the increase. Once the annual raise is addressed, current employees will be provided the increase as well. The increase was requested to come in line with the State of MI’s minimum wage increase which occurred in September of last year.

- Global Market Advisors (GMA) representative, Andrew Kliebanow, arrived on-site this past week to begin their work on preparing the strategic development plan for both of the Tribe’s casinos. The plan will include facility planning recommendations based on their gaming market assessment. Upon completion of their work, the group will provide strategic recommendation on the best course of action for the Tribe. The expected timeline for completion of their work is approximately 30 days or sooner.

- Some offices have been relocated within the Tribal Center. The titling, licensing, and enrollment offices have switched locations with the CAP offices, and TERO is located in the North hallway near the restrooms.

- A majority of my time to date has been spent reviewing and addressing staffing changes made in 2014. In summary, 82 employees within the government and 45 employees within the casinos have been identified in the comprehensive lists I was given as being affected. Approximately 60% of the issues within the government have been addressed, and 18 of the 45 issues have been addressed within the casinos. The remaining issues will be addressed by the end of March.

- Several policy manual changes have been drafted and approved. Drafts for additional changes continue to be worked on and presented for Council’s approval.

- To date, a number of contracts have surfaced which did not receive approval as outlined in the purchasing and procurement policy. If those issues continue to arise, they will be brought forward for your consideration and approval as we have done before.

- As many of you are aware, numerous weather related closures occurred this winter. I believe more were likely related to extreme cold than snow storms. The safety and well being of our employees and those utilizing the services must be a priority. However, the Tribe does offer programs and services which are needed by those they serve regardless of the weather. Finding a balance is necessary to ensure both goals are met and is why I have drafted an amendment to the government’s closure policy for your review and consideration.

- Finally, I would like to express my sincere gratitude for allowing me to take several weeks off to spend time with my mom before her passing in February - it is greatly appreciated. For those who are fortunate enough to still have their parents here on earth to enjoy, please take every opportunity you can to spend time as much time as possible with them.

KBIC receives Bemidji Area Leadership for Change Grant

Keweenaaw Bay Indian Community DHSS recently received a $480,000 five-year grant from the Great Lakes Epidemiology (Epi) Center in Lac du Flambeau. The award, which stems from the CDC’s Good Health and Wellness in Indian Country, is one of three others that were awarded in the Bemidji Area, which consists of Michigan, Wisconsin, and Minnesota Tribes. The health issues we are funded to address are choosing an active lifestyle and healthy eating.

The award builds on several steps already taken to improve health and wellness in the Keweenaaw area. In summary, 82 employees within the government and 45 employees within the casinos have been identified in the comprehensive lists I was given as being affected. Approximately 60% of the issues within the government have been addressed, and 18 of the 45 issues have been addressed within the casinos. The remaining issues will be addressed by the end of March.

The KBIC Sand Point Brownfield Remediation and Habitat Restoration Site will be inducted into the Michigan Environmental Hall of Fame for 2015. The Hall of Fame was created in 2010 by the Muskegon Environmental Research & Education Society (MERES) to fill a void they identified in honoring long-time supporters of the environment. Categories include nonprofit organizations, colleges/schools, environmental projects, business/industry, individual, and legacy circle. Sand Point was selected under the environmental projects category. The induction ceremony will be held on May 20 in Grand Rapids, MI. The KBIC Natural Resources Department intends to send a representative to participate in the ceremony. In 2014, the Sand Point Brownfield Remediation and Habitat Restoration Site also received a Lake Superior Stewardship Award through the Binational Program.

Since 2006, the KBIC Natural Resources Department has been working to restore the Sand Point Site for wildlife, native plants, and recreational use. After several years of planting and monitoring, the improvements are noticeable. Natural Resource Department staff documented an increase in pollinators in the native plant "garden," and increased use of the area by song birds, geese, deer, turtles, and other wildlife. The fitness trail has also become a popular spot for walkers and joggers. A floating bridge was constructed in 2014 to connect the light house/camp group area to the walking trail at the Sand Point Restoration Site. Work will continue in 2015 to enhance the area for future generations of people and wildlife.

Welcome our new Elderly Nutrition Director, Beth Koski. Beth is taking on the position that Dave Firestone, who will be enjoying his retirement, held previously.

Beth said, “I am very excited to work with and also learn from our tribal elders, and I hope to bring fresh and innovative ideas that will enhance the health and well being of all our elders.

I studied Business Administration at our Tribal College and Finlandia University, plus recently earned a certificate in Small Business Entrepreneurship at Moraine Park Technical College in Wisconsin. I previously worked with elders as a nurse’s aide and as a home healthcare worker.

I was born in L’Anse and lived in this area for many years before moving to Wisconsin with my husband, Donny Koski. Between the two of us, we have four children and two grandsons. Some of my interests include plants used as medicine, alternative healing practices, and green energy.”

If you need to contact Beth, you can call the Ojibwa Senior's Center at 353-6096 or email her at bkoski@kbic-nsn.gov.
Violet Rebecca Marksman Frisvall

(December 10, 1932 - March 6, 2015)

Before sunrise on Friday, March 6, 2015, at her home in Zeba, our beloved Violet Re- becca Marksman Frisvall, age 82, departed this life for the hereafter to join the loved ones who made the journey before her. In the time leading to her passing she was at- tended to by her children, Arlan and Violet; her son-in-law, Jason Pavek; my husband, Vicente Sierra, and Austin; and the loving caregivers of Baragaland Senior Citizens.

Violet was born in Zeba, on December 10, 1932, to parents Charles H. and Susan (Wells) Marksman. It was there at their home that she was born, born, and died. Violet spent her youth, as many of her generation did, help- ing to support her family by working in the farms in the Alston/Nisula area, gathering medicines from the woods, and helping to clean and cook the game and fish her family hunted and caught. She spent her leisure time with her sisters and brothers, and visiting with her cousins whom she held close to her heart. Violet attended the Zeba Foot School up until the 3rd grade, and then the L’Anse Rural School. She suffered from severe asthma her entire life and because of her health problems only went to the 9th grade. Though many years had passed, Violet was determined to earn her high school diploma and did so by attending the L’Anse/Baraga Community School Pro- grams.

At the age of 17, she met her husband, Kenneth Howard Frisvall, whom she mar- ried at the age of 19. This love spanned the lifetime, the birth of eight children, 52 years of marriage, and continued to remain strong in the 11 years after her death.

Throughout her adult life, Violet, in addi- tion to being a mother, was a housekeeper and home aide, worked at the Ojibwa Trans- portation, and then at a bob-ekeja and then the Director, Janus Home Health Care, and Northern Lights Nursing. Violet was dedi- cated to her people and contributed many years of selflessness and betrothment of the Tribe. She wore numerous hats in many different committees, doing the uncele- brated work of the Tribe, never seeking ac- knowledgement or credit for it. She was also an active member of the Zeba United Methodist Church. Her intelligence and wis- dom were profound. When her loved ones were troubled, she always had a way of put- ting them at ease. Though she was not wealthy, her generosity was unpar- alleled, and she was generous to all. Her dignity and principles were unwavering. Violet provided an incredible example of integrity for those who had the pleasure to know her. She was the essence of rever- ence, and everything she touched became valid because of the immense depth of dig- nity she possessed and imparted. She was also incredibly strong and self-sufficient. Although she suffered great heartache, from the death of her oldest son at the age of 14, to her mother at the age of 98, to her son at 17, she carried on as an in- fant a year later; she saw the blessings in life and always expressed her gratitude to the Lord for each day.

Of the many things Violet cherished in life, her family was the most treasured. She was a supportive wife, a mother who made a wonderful home for her children, and a grandmother who cherished the children she loved so dearly. Even on her deathbed, Violet made her love for her family known in a small note that she left on her nightstand that read, “Lord Jesus, watch over my child- ren. Yvette, Matthew, Daniel, Octavia, Leland, Sayge, and Leeona; and along with three grandchildren-in-law – Jake, Shawayne, and Samuel. Violet is also sur- vived by her son, Lena Koupus, of Pikes Peak.

Funeral services for Violet were held on Monday, March 9, 2015, at the Reid Funeral Service and Chapel, L’Anse, MI, with Reverend Steve Poekela officiating. Thereafter, the family invited friends to join them for fellowship and a luncheon at the Zeba Community Hall. Spring interment will take place at the funeral chapel from 6 until 8 p.m. and continued through- out the evening.
