L. Closed Session:

1. Beth Fish, Personnel Director – Waiver of Nepotism (2)
2. Danielle Webb, Tribal Attorney – Tobacco Board Update

M. Adjournment:
Priorities: Remainder of FY19

- Baraga/Marquette Casinos Projects
- Lucky 7’s Renovations
- Organizational Structure
- Employee Manuals
- WICS
- Employee Communication and Relations
- Building Customer Loyalty
- Marketing Efforts Evaluation
- Enterprise Wide Wage Structure

General Updates:

- We will be installing the stored standalone ATM in Baraga. I am hoping to have that completed yet this week and its temporary location will be in the hallway between the casino and hotel set back in the entrance to the conference closest to the casino. This will provide 24-hour access for customers as well as backup for the Kiosk on the casino floor when it goes down or is being serviced.
- I have adjusted the Kiosks $20 cassette amounts at both Baraga and Marquette to reduce the amount of cash that is tied up for them. The amounts will be adjusted seasonally to ensure as much cash flow is available as possible during the slower seasons. This change provided an initial increase of around $160,000.
- In response to some customer complaints related to having to use the temporary outside walkway to the Pressbox, a temporary wall will be installed and removed each weekend in area 30 by our maintenance staff. It will be put up each Friday once construction work ends and stay up through the end of Senior’ Day Monday afternoon.
- A walkthrough and development of a punch list for the Phase I renovations in Baraga took place yesterday. Gundlach, Cunicingham engineers, sub-contractors who headed up the work and our staff participated. Gundlach will be working on addressing the items identified.
- One of the significant issues shared related to the excessive heat and smoke accumulation in Area 20 at times. The engineers will be working closely with the manufacturer and installer to get it address right away.
- We have had customer complaints related to having issues getting between area 10 & 20 so we will be installing handrails on the ramp and stairway. The stairs will have a safety feature installed to better alert customers of the stairway.
- Customers have complained about having to go through the temporary walkway to use the coat rack currently located near the Pressbox. A temporary rack has been setup near
the ATM location in the hallway between the hotel and casino so customers don’t have to go through the outside walkway.

- We are able to raise the Area 30 ceiling height by 4" to accommodate slots and signage.
- Automatic Shufflers training and installation will occur in mid-February for both casinos.
- I’ve approved a price change in Baraga at both the casino and Pressbox to lower rail drinks and 12 oz. beers to $1.50 from $2.50 and having Big Beers (16 oz.) available all week instead Thursday’s and Sunday’s only at $2.50 per can and it will be effective starting tomorrow. This will run through the Phase II construction period to provide customers with a reason to visit us and for the inconveniences they are experiencing. Floor staff are TAMS trained and I have required the management team to refresh them on the techniques to ensure we keep on top of over consumption to avoid problems. I will be including Marquette in this change next week as they too are experiencing inconveniences for customers due to the construction and now the renovation of the existing casino floor.
- Harold “Mike” Needham will start as our Facilities Manager on Tuesday the 22nd. He will be a great asset not only with the casino projects but the overall upkeep and maintenance of our facilities.
- I am working on developing an internal employee newsletter that will encompass both Baraga and Marquette to get information into the hands of all employees so they are better equipped to answer customer’s questions, be up to speed on events and activities and have firsthand information on the changes that are taking place.
- We are having issues with the POS equipment and what we have is no longer supported so they will need to be replaced. We are working with the vendor performing software/hardware upgrades for Hosh and we’ll be able to include those in that plan.
- Julie Sauvola, Hotel Supervisor, has made contact with the gentleman whose truck and 5th wheel have been located in our Baraga parking lot/RV site since late summer. He is located in L’Anse but suffered a significant health issue and has been unable to retrieve them. Since he has no one to help him, we will be assisting him with getting it back to him. We will have the attorney’s draft an agreement to ensure we have no liability with this. He is also going to make good on the RV lot rent and Julie is calculating that as well.
- I attended the KBIC Tobacco Co. board meeting this week. We will continue working on promoting the brands and streamlining the sales process.
- We are experiencing customer complaints in Marquette related to the location of the temporary entrance and the distance our elderly customers have to walk to get in. They are able to get close to the entrance to drop off but they still have to go park their car. We have had customers indicate that when the weather isn’t the greatest they don’t come because they are afraid of slipping/falling. We are exploring the option of providing those customers with a lot pick up service but will require a vehicle to do it. We are getting costs on this and will analyze whether the investment is needed. The initial thought is a mini-van which is easier for elderly folks to get in and out of but we
will consider options. If we can make it work, signs would be placed on the light poles in the lot with the phone number to call when a pick up is needed. The vehicle would later be used as part of the VIP transportation program to area hotels which is a must to ensure folks can come out, have a good time and not worry about drinking and driving.

- The employee shortage is significant across both casinos. It is going to be a priority to work hard at addressing this broad issue. We need work as quickly as we can to address wage any disparities that exist while ensuring the work environment is one where employees want to come to work and be a part of the exciting times ahead. You are likely aware that congressional democrats introduced legislation yesterday to increase the Federal minimum wage to $15 per hour over time. It isn’t likely to get passed through all of the branches but there is momentum growing. I have attached a chart which shows the state minimum wages and I was surprised to see that our neighbor WI is at $7.25/hour and our other neighbor MN is at $9.86/hour. KBIC’s is now $10/hour but comparing the market we are in plays a critical role in being the “premier” employer in the area which I believe should be our goal.
State minimum wages (2019)

Compared to federal
- Green: Higher
- Red: Lower
- Grey: No state min.
- Orange: Same
