

## **The Denomie Memorial Scholarship**

### **\$1,000**

This scholarship is funded by Debbie (Denomie) Williams and Larry Denomie III. It memorializes all of our family members who have entered eternal life before us. Most notably; our loving parents Oscar and Ann, our beautiful sister Dawn Louise and our darling infant daughter/niece Autumn Dawn.

The scholarship will be awarded to a Native American student from either the Baraga or L'Anse school district. It will be awarded to an individual who came from behind, hung in there, achieved the opportunity to graduate from High School and has made a commitment to secondary education. The individual's peers would also have considered him/her most improved. Any field of study that in some way helps others or Mother Earth will qualify.

To apply for this scholarship, please complete the attached application, include a copy of your acceptance letter and attach an essay prepared by you; typed (double-spaced), describing why you feel you should be awarded this scholarship. Please also include in your essay the following topics.

- What activities you participated in while in and out of school.
- How and when you realized getting an education was important.
- Any life altering events that have taken place in the past 10 years.
- What your plans are after completing your secondary education.
- What your field of study is and how it will help others and or Native Americans.

The Keweenaw Bay Indian Community Education Committee will be reviewing all qualifying applications. The scholarship will be presented by the KBIC Education Committee. Best wishes in all your future plans!
