Members of the Keweenaw Bay Indian Community have always enjoyed Northern Michigan University’s Annual “Learning to Walk Together” Traditional Powwow, and this year was no different. KBIC Veteran’s Honor Guard led Head Dancers; Royalty; and a vast number of Traditional, Fancy, and Jingle Dress Dancers into the arena for Grand Entry, Saturday, March 15th. The 21st Annual Powwow was held at the Vandament Arena on NMU’s campus. Miss Keweenaw Bay, Kristina Misegan, enjoyed her home community’s powwow and was seen in the arena for nearly every beat. Kristina is a KBIC member who resides on KBIC’s trust property located in Harvey, Michigan. Donald Chosa, Jr., a KBIC member, who was celebrating his birthday that day, served as Head Veteran Dancer.

As NMU’s campus is located in Marquette, Michigan, it is a central location for tribes of the area to gather. With winter nearing an end, it is a perfect opportunity to get out of the house to visit and celebrate traditional ways with neighboring tribal communities and relatives.

During the mid-afternoon events, it was amazing to watch some of our youth dancers mentoring ten non-tribal NMU students in our youth’s style of dance during a dance-off competition. “Zack,” a young NMU student, won this competition by audience applause.

Between grand entries at 12:00 noon and 6:00 p.m., a feast was held at the Jacobetti Center along with a Hand Drum Competition which was organized by Rodney Loonsfoot of Keweenaw Bay.

The Native American Student Association President, Alicia Paquin, served as powwow chairperson for this year’s event. Alicia, a Grand Traverse Band of Ottawa and Chippewa Member, is no stranger to KBIC, as she recently achieved her associate’s degree at Keweenaw Bay Ojibwa College located in Baraga, prior to enrolling at NMU.

The event also hosted many vendor stands who offered numerous Native American crafts to purchase.

OGIMA REPORT FOR THE MONTH OF FEBRUARY 2014

For the month of February 2014, this office has had several meetings with Department Heads to discuss personnel issues in staffing. There have been some tribal members in our office expressing concerns and interest in tribal affairs. With our open door policy, it is refreshing to know how many tribal members are interested about tribal affairs.

Our office has had several phone calls inquiring about our lawyer acquisition when our lawyer ends her employment with us in March. We are more concerned with our Prosecutor duties at this time for Tribal Court. I believe a less stressful meeting to take care of business by the second week of March.

I have had a phone conference with Dorsey Law Firm for an update on IHS litigations.

The Popular Referendum was a success according to our tribal members. Ogimaa’s office has had numerous walk-ins and phone calls stating this.

Miwechig.

Donald Shalifoe, Sr., Ogimaa.
My primary responsibility as the Treasurer is to safeguard the monies of the Tribe. In operational instances, it is providing oversight of the enterprises: both Pines, Pines, and Eagle Radio.

In the second month, I have worked with others to provide the Community with a Popular Referendum that was well attended during a winter storm. There were 102 registered voting tribal members in attendance. Resolution KB #011-2014 regarding our clinic’s new electronic health record system was approved by the Community with a vote of 96 in favor and two opposed. Resolution KB #012-2014 regarding our Oasis Casino Management System for both properties was approved by the Community with a vote of 73 in favor and 17 opposed. I believe it was a very good showing from the Community and not too difficult a task to complete. Thanks to the Community for participating and thanks to those who helped set up the event, including: Robin Roe, Diana Chaudier, Jean Jokinen, Bruce LaPointe, Dave Firestone, and others. I reported to the Community that we had over $41 million saved in our cash and investment accounts.

As Treasurer, I have also been working on the Baraga Lakeside opportunity, and unfortunately, I am not ready to present on this subject as of yet. I hope to have all the information and be ready to present it very soon.

We obtained our renewal for our Blue Cross Blue Shield contracts for employee health benefits, and our new broker has been busy reviewing the renewal. M3 representatives will be here Monday afternoon (03/10/2014) to discuss the renewal. Council members are welcome to attend. Renewal date is April 1st.

I have spent time reviewing applications for General Manager and the Controller position at our Baraga Ojibwa Casino. Interviews for General Manager will be coming up soon. I have been meeting almost daily with casino staff in Baraga on promotions, staffing, vendors, internal controls, and event written internal controls (WICS). The Gaming Commission recently approved some new WICS. We brought these forward for utilizing the bonus point and personal banker modules of our Oasis system. Progress!

I also met with the Pines’ manager about ideas to increase profits at the station. We are implementing some of those ideas that we discussed. I am also working with Eagle Radio’s manager on several projects to be mentioned soon.

This concludes my report for the month of February.

Respectfully submitted,
Eddy Edwards, Treasurer

Healthy Michigan Open Enrollment to Begin April 1

March 20, 2014 – LANSING, MICHIGAN – Gov. Rick Snyder and the Michigan Department of Community Health (MDCH) today announced that the state’s Healthy Michigan Plan is prepared to begin accepting applications on April 1, 2014, ultimately providing healthcare coverage to nearly half a million more Michigan residents. "This is a significant step in our ongoing efforts to ensure the health and wellbeing of all Michiganders,” Snyder said. “A healthier Michigan is an important part of our state’s continued comeback. It will help improve health and quality of life, save money for taxpayers and job providers, and boost our economy. I appreciate the support of our legislative partners in this initiative and the tremendous work of our departments of Community Health, Human Services and Technology, and Management and Budget to help ensure all systems are a go, and there’s a smooth enrollment process. I encourage eligible residents to mark the date and go online, call or visit a local DHS office on or after April 1."

The Healthy Michigan Plan was signed into law by the governor on Sept. 16, 2013. Since then, MDCH staff has worked closely with the federal government and Michigan partners to get the necessary information technology, federal approval, and program operations in place. Extensive IT testing and progress has been made to assure the necessary system requirements are ready for enrollment. Beginning April 1, Michigan residents will be able to apply for the Healthy Michigan Plan online, by phone, or in person at their local Michigan Department of Human Services (DHS) office to quickly and easily determine if they are eligible.

In the first year, the Healthy Michigan Plan is anticipated to cover 320,000 Michiganders, eventually providing care for 470,000. The plan emphasizes personal responsibility, and beneficiaries will be required to share in the costs. There also will be incentives for individuals to take responsibility for their lifestyle choices and to maintain or improve their health.

Applicants for the Healthy Michigan Plan must be between the ages of 19-64, not currently eligible for Medicaid, not eligible for or enrolled in Medicare, and earning up to 133 percent of the federal poverty level (approximately $16,000 for a single person or $33,000 for a family of four).

Health coverage under the Healthy Michigan Plan includes both federally and state mandated Essential Health Benefits and services, including behavioral health treatment, prescription drugs, rehabilitative and habilitative services and devices, laboratory services, preventive and wellness services and chronic disease management, pediatric services including oral and vision care, and other medically necessary services as needed.

In the process of operationalizing the Healthy Michigan Plan, MDCH received approval from the Centers for Medicare & Medicaid Services (CMS) on Dec. 30, 2013. This approval allowed MDCH to transition roughly 60,000 individuals from the Medicaid Adult Benefits Waiver (ABW) program into the new Healthy Michigan Plan with coverage beginning April 1, 2014.

“Throughout the process of making the Healthy Michigan Plan a reality, our primary concern has been ensuring our systems are fully prepared for Michigan residents as they apply and once they are enrolled,” said James K. Haveman, Director of the MDCH. “As the Healthy Michigan Plan includes a strong personal responsibility focus, we are encouraged by the promising results we’ve seen so far with the ABW population and look forward to improving the health of all residents eligible for the Healthy Michigan Plan.”

For more information about the progress of the Healthy Michigan Plan or more details regarding enrollment, visit www.michigan.gov/healthymichiganplan. Stay tuned for specific enrollment site and hotline number details.

Indians Eligible for Hardship Exemption

Starting in 2014, every person needs to have health coverage or make a payment on their federal income tax return called the “shared responsibility payment.” Some people are exempt from making this payment. This application includes two categories of exemptions. There are other applications for other categories of exemptions. You may apply for certain other categories of exemptions when you file your federal income tax return.

If you’re a member of an Indian tribe, you can ask the Internal Revenue Service (IRS) for this exemption when you file your federal income tax return. You do not need to ask for an exemption if you are not going to file a federal income tax return because your income is below the filing threshold. If you are not sure, you may want to ask for an exemption. This will be necessary when you file taxes in the year 2015! A revised hardship exemption application was developed to make it more user friendly for applicants. To obtain the application for the hardship exemption, please follow the following link: http://marketplace.cms.gov/getofficialresources/publications-and-articles/tribal-exemption.pdf

KBOCC Science Students Win National Championship

On March 15-18, students and staff from Keweenaw Bay Ojibwa Community College attended the American Indian Higher Education Consortium (AIHEC) 2014 conference in Billings, Montana. The conference is an annual gathering of tribal colleges from across the country that features competitions, performances, art displays, research presentations, and a powwow.

Three KBOCC Environmental Science students attended the conference and participated in the annual science bowl competition, which is a "Jeopardy" style test of knowledge across a wide range of science topics. The team of Dylan Friisvall, Stephanie Kozich, and Max Rivas competed for over five hours, defeating teams from four other colleges on their way to the tournament championship. The tournament has an elimination-type format similar to college basketball brackets. Teams from 18 colleges entered the event.

“We’re the little college that could,” notes Dylan Friisvall, pointing out that KBOCC’s opponents in the event were from much larger colleges. The championship trophy will be on display at KBOCC for the next year.

Students also earned individual accolades at the conference. In an awards ceremony hosted by the American Indian College Fund, Dylan Friisvall was recognized as a Coca-Cola “First Generation” scholar and Stephanie Kozich was honored as “Student of the Year.” Robert Rajacic participated in the archery competition, and Stephanie Kozich and Max Rivas gave presentations on their science research projects.

Also attending the conference were KBOCC President Debbie Parrish and Environmental Science Department Chair Andrew Kozich, who served as the coach of the science bowl team.

Family Spirit is a home-training program (pregnancy through three years post-partum) where parents gain knowledge to help support their children across all learning domains: cognitive, physical, social-emotional, language learning, and self-help. The Family Spirit Program also supports the family as a whole and assists parents with needed life-skills if applicable.

This program is culturally-tailored to native families and was evaluated by the John Hopkins Center for American Indian Health with the Navajo and Apache tribes since 1995. We are very excited to help bring this program to our Community and have high hopes for a positive outcome. Two employees, Kristine Maki and Christine Beauchamp, have been recently hired as Family Health Educators for the Family Spirit Program. Their office is located on the 2nd floor of the KBIC DHHS building. You can reach Kristine Maki at 353-4540 or e-mail Kristine.Maki@kbic-nsn.gov, and Christine Beauchamp at 353-4523 or e-mail Christine.Beauchamp@kbic-nsn.gov.

Christine Beauchamp (shown above on the left) said, “I have worked and lived on the Keweenaw Bay Indian Community for several years. I graduated from Suomi College with a Human Services Degree and have obtained my Child Development Associates. I am using my years of experience from previous employment: Youth & Family Services, KB Early Head Start, Ojibwa Housing, and my education in my new position at the KB Health Department as a Family Health Educator.”

Kristine Maki (shown above on the right) said, “I moved back to the KBIC with my family after graduating from Northern Michigan University in December of 2013 with a bachelor degree in Psychology, minoring in Native American Studies. I had left the KBIC with the goal to expand my experience in early childhood/family studies, and I was also involved with the community with cloth diaper education under Diaper Parties, LLC. I am happy to bring that knowledge and experience back to our community as Family Health Educator with the tribal home visiting program: Family Spirit.”

Brandon Chosa has been hired as an IT Support Specialist. Brandon was born in Montana and spent most of his childhood in California. He then moved with family back to Michigan to reside on the KBIC reservation. Brandon said, “Most of my computer experience is self-taught from tinkering with computers most of my life. I also have ten college credits for Graphic design. I like helping people to understand how to use their technology and solve any associated problems. My interests include technology, video gaming, motorcycles, off-road, and exploring the outdoors in general.”

Minogheezhig Sandman-Shelifoe has been hired in the Tribal Historic Preservation Office as the THPO/NAGPRA Technician. He is the son of Fred Shelifoe and Darlene Sandman of Fond Du Lac Band of Ojibwe in Minnesota. Mino said, “I was born on the KBIC reservation but raised in Minnesota traditionally with my mother’s family. I attended ceremonies, powwows, and helped out harvesting wild rice and maple syrup. I returned to KBIC a little over a year ago.

I am currently enrolled at Keweenaw Bay Ojibwa Community College majoring in Liberal Studies with Native American Emphasis. I’m looking forward to serving KBIC. One of my dreams is to become an Archaeologist and Historian for Native American Tribes. I’m grateful for this opportunity to be able to prove my knowledge in this field and to help preserve ancient remains.

I am a proud new father to my baby boy, Skyler Rain Sandman-Shelifoe, and I would love to teach him about our culture. I live in Baraga with my girlfriend, Jessicas Koski, who has helped me along the way to attain my goals, and I am forever grateful for her and my son.”

In 1977, the department was centralized to handle the financial reports of grants and Tribal programs in one accounting system. Geraldine was hired in October 1981, as the Accounting Billing Clerk/Purchasing Agent and has worked in this position until present time. This is the same year that a computer was purchased for automation of the accounting system. In 1985, the department began handling the Enterprise Accounting before separating and becoming two departments. She has volunteered and shared her time and wisdom with many other activities. She was on the Substance Abuse Advisory Board, the C.A.R.E. Committee, and others. She has been a great bowler for many years and is the best horseshoe player in the world. Gerry is married to John Mantila and has two children, Cheyenne and Kristin, and beautiful grandchildren that she will be taking care of.

She has made a difference in the world of our Keweenaw Bay Indian Community and our surrounding communities. She will be forever in our hearts and always a part of our favorite memories, wishes, and thoughts. It is most difficult to find the perfect words that truly portray the happiness she brings and shows what we feel, but here it goes: “Happy Retirement! It has been our pleasure to work with you.”

Support the Wild Turkey Population

Spring will be here sooner or later and with it comes the spring turkey hunting season. Spring is a critical time for turkeys because females are incubating their eggs. Killing a single female turkey during spring potentially kills an entire clutch (10-12 eggs). That is a huge loss to the population. Last spring was an exceptionally harsh time for all wildlife, including turkeys due to the late green up. So far, it is not looking very good for this spring either. So, as you head out for turkey hunting season, please do your part to support wild turkeys by taking it upon yourself to be a steward by choice and avoid shooting female turkeys in spring.

Back in 2012, Keweenaw Bay Cutters, local chapter of the National Wild Turkey Federation, approached the Natural Resources Committee to ask that KBIC consider changing the Title 10 hunting regulations to allow only bearded males to be harvested in spring for at least a few years, and the committee voted unanimously in support. Title 10 hunting, fishing, and gathering code is in the process of being updated to include the male only hunting regulation for spring seasons, but it hasn’t been passed yet. This is the best way to ensure the greatest reproductive success in our local wild turkey population. Gobble, gobble, and miigwech!

DID YOU KNOW…

• Child abuse and neglect are preventable.
• The biggest myth about child abuse is that the dangers to children come from strangers. In most cases, the perpetrator is someone the parent or child knows, and who is often trusted by the child and family.
• Recent statistics indicate approximately 677,000 children were victims of child abuse or neglect in the United States and approximately 33,500 children in Michigan.
• Children under the age of one year old are abused or neglected at a much higher rate than any other age.
• National data shows that Native American children are victims of child abuse and neglect at a higher rate than the general population.

YOU CAN HELP PREVENT CHILD ABUSE

• Be a nurturing parent. Children need to know that they are special, loved and capable of following their dreams.
• If your baby cries... It can be frustrating to hear your baby cry. Learn what to do if your baby won't stop crying. Never shake a baby – shaking a child may result in severe injury or death.
• Monitor your child’s television, video, and internet viewing/usage. Watching violent films, TV programs, and videos can harm young children.
• Help a friend, neighbor, or relative. Being a parent isn’t easy. Offer a helping hand take care of the children, so the parent(s) can rest or spend time together.
• Help yourself. When the big and little problems of your everyday life pile up to the point you feel overwhelmed and out of control – take time out. Don’t take it out on your kid.
• Help to develop parenting resources at local libraries and parent/family resource centers. Support in locating resources, including funding and materials. Work with staff, various agencies, and organizations to develop the resources.
• Promote prevention programs and activities. Child maltreatment is a complex problem with a multitude of causes, an approach to prevention must respond to a range of needs. Therefore, it is necessary to have a comprehensive strategy comprised of a variety of community-based programs to prevent child abuse.
• Report suspected abuse or neglect. If you have reason to believe a child has been or may be harmed or neglected, call KBIC Tribal Social Services (TSS) at (906) 353-4201, Michigan Department of Human Services (DHS) Centralized Intake at (855) 444-3911, or the local police department. For emergency situations, call 911.

Zibiwing Center of Anishnabe Culture and Lifeways is proud to announce its changing exhibit entitled: Debwein—Truth, The Mount Pleasant Indian Industrial Boarding School Experience. The exhibit will be open for free, Saturday, March 15, 2014, until September 30, 2014. The Mt. Pleasant Indian Industrial Boarding School belongs to a period of time know as the Era of Stolen Children or the American Indian Holocaust. This Federal school “educated” and systematically assimilated an average enrollment of three hundred students per year from 1893-1934. Administrative records indicate that only five children vanished while attending the school during its 41-years of operation. To date, Zibiwing researchers have identified over two hundred undocumented deaths directly this institution.

DEBWEWIN/TH: The Mount Pleasant Indian Industrial Boarding School Experience reveals the historical and archaeological research of the school, as well as the present-day impact on individuals, families, and communities. We invite you to learn about this dark chapter in our history—an American history that has been absent from most textbooks and historical narratives.

Please contact: Frank J. Cloutier, Public Relations Director, at (989) 775-4076 or e-mail fcloutier@sagchip.org for more information on the event.

Call for Woodland Indian Artists at Annual Show and Market

The Woodland Indian Art Show and Market (WIASM) is a juried art show and market for Native American artists from the Great Lakes and Eastern Woodland regions. The 8th Annual WIASM is accepting applications for the art show and market.

WIASM will be held June 8-11, 2014, at the Radisson Hotel & Conference Center in Green Bay, WI. WIASM planners are excited to return to the Radisson because this is where the art market started eight years ago.

The registration fee is $150.00 and will be accepted until June 8, 2014. However, payment must be either by money order or by cash after May 15, 2014. Registration includes the four-day event, the reception on Sunday night, and light snacks daily. Artists are urged to use the full open market time as an opportunity to show and sell your works to the public and fellow artists.

The WIASM is in conjunction with the Native American Tourism of Wisconsin (NATOW) Conference. The two conferences are expecting a unique group of visitors from those who appreciate Woodland Indian style art to those who support economic tourism development in tribal communities.

Woodland Indian Art includes artists from tribes in the Great Lakes Area, the northern United States, and Canada. Each tribe has its own unique cultural identity that often comes through in their artwork. The Woodland Indian Art Show and Market goal is to raise awareness and appreciation of this distinctive cultural identity and nurture each artist in telling their story through their art.

Another unique element of this year’s Market is the addition of four cultural art classes taught by award winning artists accepted into this year’s show. Participants will be able to work on an art form such as pottery, baskets, painting, carving, etc. and leave with their own completed piece by the end of each day.

Applications will be accepted for the juried art competition and art market through Loretta Webster. (920) 713-8030, e-mail info@bearpawartgallery.com.

For more information, visit www.woodlandindianart.com for applications, hotels and directions, and a list of daily events.
